Working with ScottishPower

With an ever-increasing focus on going green, ScottishPower continue to look at what provides long-term value and impact for its customers

Corporate PPAs

- Long term price certainty with 10+ years
- Single-sourced power from a UK-based, named asset
- Supporting investment into additional renewable energy capacity, decarbonising the UK's electricity grid

Global Experience

USA
(1.4 GW)

Strategic Partners

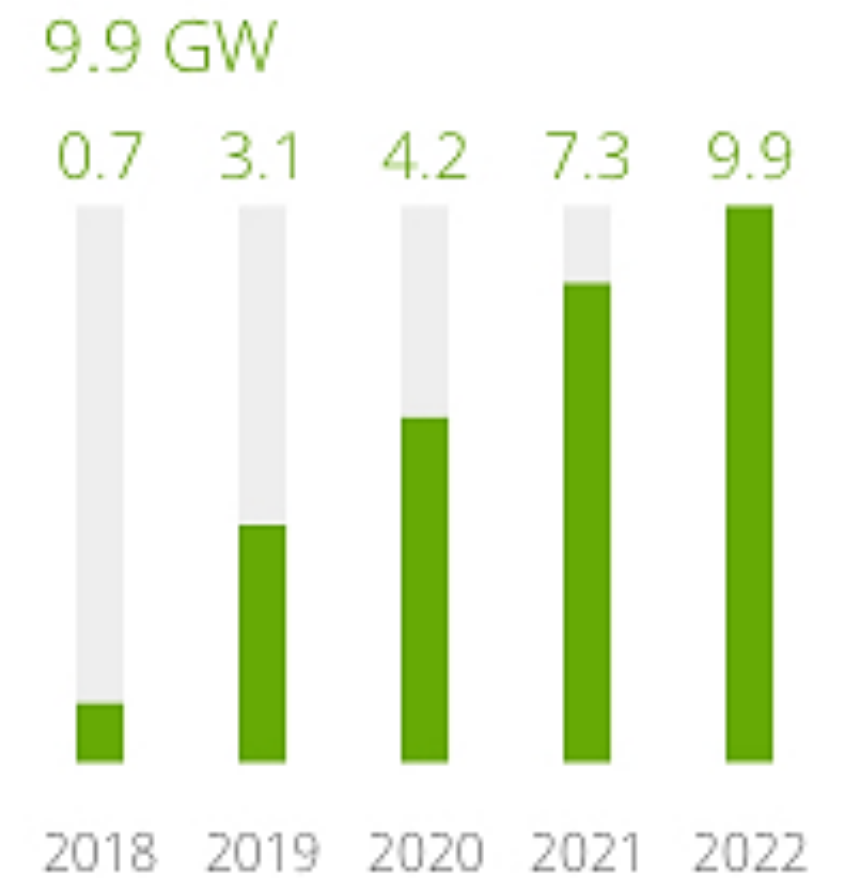

ScottishPower's renewable energy project pipeline is extensive, and representative of its aggressive growth targets:

- 5GW development pipeline by end of 2020
- Diversifying technology across wind, solar and storage
- Accelerating project timescales
- Ability to offer bespoke PPA structures
